Technologies

T-MESH

Il tessuto mesh è la tecnologia Givova che assicura la freschezza e la leggerezza dei capi indossati. Lo speciale tessuto, opportunamente posizionato, permette la massima traspirazione con una sorprendente leggerezza.

Mesh fabric is the Givova technology that assures freshness and lightness of our sportswear. The special fabric skillfully positioned allows the maximum breathability and surprisingly lightness.

FreshCotton

FreshCotton è il cotone che Givova usa per i suoi capi e il massimo per gli atleti che cercano tessuti leggeri e freschi.

The cotton that Givova uses for his garment is the best for the athletes who look for light and fresh fabrics.

RIGA

L'originale tessuto rigato che offre oltre ad eleganza e stile, resistenza e comfort.

The original striped fabric that offers apart the elegance and style also comfort and resistance.

Piquet Fabric

Piquet Fabric

Il tessuto piquet grazie alla sua matrice quadrettata traspirante è l'ideale per chi non chiede solo elevate performance ma anche un design elegante e ricercato.

Piquet fabric thanks to this perspired and checked matrix, is the ideal for anyone who ask only raised performance but also an elegant and much sought-after design.

Therinda

Therinda è un nuovo tessuto usato da Givova leggero ma caldo, traspirante ma impermeabile, le sue particolari fibre assicurano durata nel tempo e grande resistenza agli strappi. La morbidezza del tessuto assicura il massimo comfort quando viene indossato.

Therinda is a new fabric used by Givova light but warm, perspired but waterproof, his particular fibres assure length of time and large resistance to tears. The softness of fabric assure the best comfort when somebody wears it.

Pol-Cotton

Ottenuto dalla combinazione tra più materiali, il POLCOTTON è un tessuto speciale in grado di offrire all'atleta la freschezza del cotone e la leggerezza del poliestere.

The POLCOTTON, obtained from the combination between more materials, is a special tissue able to offer to the athlete the freshness of the cotton and the lightness of polyester.

FreshFleece

FreshFleece è il cotone che Givova usa per le sue felpe e il massimo per chi desidera tessuti leggeri e freschi.

The cotton used for fleeces has excellent quality and it's guarantee of lightness and freshness.

NYLONFIBER

Il nylon Givova è un tessuto altamente impermeabile e antivento che consente comunque la traspirazione corporea.

Givova nylon is a fabric highly waterproof and for wind and it allows, however, the perspiration of the body.

Thermic

Il comodo tessuto che mantiene costante la temperatura corporea.

The comfortable tissue that makes constant the corporal temperature.

Micro fibre

La micro fibra è il top della tecnologia Givova, un tessuto che garantisce il meglio tra i capi tecnici da gara offrendo un design elegante e alla moda. Perfetta come wind-stopper la microfibre risulta essere il massimo anche in termini di traspirazione.

The microfibre is the top of the Givova technology, it is a fabric that assures the best between the technical cloths for competition and it offers an elegant and fashionable design.

MultiPOCKET

Tutti i capi con questo simbolo sono creati per chi non vuole rinunciare ai propri oggetti durante le attività sportive.

All the garments with this symbol are created for anyone who don't want to renounce to own objects during sports activities.

X2

I modelli in doppia combinazione/Manica lunga e manica corta.

The double combination models/ Long and short sleeves.

PU

Le borse Givova vengono progettate nel totale rispetto della natura sostituendo al PVC un materiale del tutto ecologico e dalle elevate performance: il poliuretano.

Givova's bags are designed in total respect of nature substituting to PVC a complete ecological material with raised performance: the polyurethane.

X-Pocket

L'abbigliamento tecnico per chi ama la musica e lo stile.

The technical clothing for anybody who loves music and style.

TEI

TEI è il tessuto Givova che aderisce perfettamente al corpo offrendo allo stesso tempo leggerezza, traspirabilità e resistenza.

TEI is the fabric Givova that adheres perfectly to the body offering at the same time lightness, transpiration and resistance.

ITS

Tessuto prodotto con fibra altamente tecnologica in grado di facilitare l'allontanamento del sudore dal corpo verso l'esterno.

Fabric made in a highly technologic fibre that lets the body sweat move toward the outside.

Polyester Fresco

Tessuto in poliestere dalla sorprendente freschezza.

Polyester fabric with surprising freshness.

TECHNO

English

The trade mark GIVOVA is born on 23 May 2008 and from the ideas of Giovanni Acanfora who has over twenty years experience in this field. In the wake of the excellent commercial results and target brand recently achieved in the world of sport, Giovanni decided to start this project with the same commitment and desire to emerge and reach increasingly prestigious targets. The "project GIVOVA" has the objective to strengthen the brand and positioning it at the top levels in the sector, continuing to further improve the quality of materials used and the performance of every product, creating them all with fabric of the most advanced quality to ensure the maximum wear ability, freedom of movement and a constant level of temperature during all phases of sport's activities, thanks to the lightness and the quality power of the material used. This mark has an integrated logistics platform, perfectly organized for the distribution of the products worldwide, with a particular attention to the huge market's demands, offering therefore flexibility and speed of answer to all needs of our customers at the top level and in any sector, especially with the pre and post sale services. After careful market research to find out the behaviors, tastes and preferences of our consumers, we realized that the real commercial business is the realisation of a fair trade-off based on high quality, fair prices and an impeccable customer service; all these values will be best expressed by all the media (website, catalogues and brochures) provided to interface both internal and external part of our company.
